Education

B.Tech in Computer Science Engineering — Chandigarh University, Mohali CGPA: 6.9	Aug 2022 - Jun 2026
Senior Secondary (CBSE) — Radiant Star English School, Aligarh (U.P) Percentage: 74.8%	Apr 2020 – Mar 2021
Matriculation (CBSE) — Aligarh Modern School, Aligarh (U.P) Percentage: 60.83%	Apr 2018 – Mar 2019

Experience

Wipro TalentNext – Digital Skills Readiness Program - Completed industry-oriented training in C# programming and .NET framework - Gained strong understanding of Object-Oriented Programming (OOP) concepts using C# - Developed applications using .NET technologies, applying real-world programming practices - Worked on hands-on assignments and coding exercises to improve problem-solving skills	Jul 2025 - Oct 2025
In-House Training – Data Structures & Algorithms - Solved byteXL problems, enhancing algorithmic problem-solving speed by 40%. - Implemented optimized sorting and search algorithms, reducing execution time by 30%	Jun 2024 – Jul 2024

Projects

Myntra Clone — HTML, CSS, JavaScript - Built backend-integrated features including user authentication, cart persistence, and order workflows. - Improved application performance by optimizing API calls and reducing redundant client-server requests.	Jun 2024
Sweet Shop Management System — React, Node.js, Express, Prisma - Developed a full-stack application using React, Node.js, and Express.js - Implemented features to view product details and place orders - Built backend APIs for handling user requests and order processing - Used Prisma for efficient database management	Aug 2024
Backend Inventory Management System — Node.js, Express, MongoDB - Designed RESTful backend APIs to manage products, inventory levels, and user roles with secure access control. - Implemented CRUD operations and database indexing, improving data retrieval performance and system reliability.	Jul 2025

Certifications & Awards

- Team Skill, Psychology Certification, Coursera (Oct 2023)
- Computer Architecture Organisation by NPTEL (Dec 2023)
- NPTEL Internet of Things (May 2025)
- Wipro/TalentNext |Digital Skills Readiness Program | July - October 2025
- Completed **hands-on projects** in JavaScript and Python on LinkedIn Learning and Coursera.

Technical Skills

Languages: C++, Java, Python, JavaScript, SQL, HTML5, CSS3
Web Development: ReactJS, Node.js, REST APIs, Express.js, MongoDB
Tools & Platforms: Git, GitHub, Postman, VS Code, Figma, Linux Terminal
Other Skills: Data Structures, Algorithms, Responsive Design,
